We all know that the marriage that followed Princess Diana and Prince Charles' royal wedding in 1981 was nothing like a fairy tale. Their unfortunate union was full of many problems and infidelity. The couple separated in 1992 and eventually divorced in 1996. While they married Charles, an affair continued with his former flame and now-wife, Camilla Parker Bowles, who was also married at the time. Diana found out what was going on between them and admitted that she also began to meet other people while married to the prince. Rumors have swirled for years that one of these people was singer Bryan Adams. Here's what the rocker had to say about their relationship and why his ex-girlfriend claims something completely different. Bryan Adams and Princess Diana | Tim Graham/Getty Images Adams addresses romance After years of speculation, Adams finally addressed the rumors of a love affair with the late princess. In 2018, the Summer of 69 artist appeared on Watch What Happens Live and was asked by the show's host, Andy Cohen, if in fact he was romantically involved with the royal and would sneak into Kensington Palace. 'She didn't sneak me in, I'd just roll up,' Adams revealed, adding that he and Diana were just good friends. When Cohen pressed further suggesting that they were friends with benefits, Adams reiterated that they were good friends. Bryan Adams | Myrna M. Suarez/Getty Images Who doesn't buy it Someone who doesn't buy the singer's friend line is his ex-girlfriend, actress Cecille Thomsen. She dated Adams when he and Diana were romantically linked and always thought they were having an affair. I knew Diana was having an affair with Bryan, the former Bond girl told the Daily Mail. Bryan knew Paul Burrell [Diana's former Butler] very well and Paul was part of the inner circle around Bryan, and he also introduced him to Diana. The first time Bryan met Diana, I wasn't invited. Ours was a stormy relationship and Bryan's affair with Diana didn't make it any easier. Yet Thomsen turned a blind eye to what she believed had been going on between them and accompanied Adams to Diana's funeral. I sat in church with mixed feelings, she confessed. Adams later responded to Thomsen's claims, saying: 'Miss Thomsen knows nothing about my friendship with Diana, nor anyone else. Everything you have read from these reports are pure guesses and assumptions. What Adam's song 'Diana' was about Princess Diana | Tim Graham/Getty Images Another thing that has led to speculation about the nature of their relationship was a song the Canadian musician wrote titled Diana. The lyrics are about a woman named Diana who the singer professes her love for and shows that the man she married is not good enough for her. Adams never mentions Prince Charles by name but calls Diana he refers to the Queen of all my dreams. It is widely believed that the song was about Princess Diana as it was released in 1985, four years after she and the Prince of Wales tied the knot. Adams sang the song for several years at his concerts but retired it for good after the princess passed away in 1997. Read more: Was Princess Diana expected to marry Prince Andrew instead of Prince Charles? David Hartley / Shutterstock It's no secret Prince Charles and Princess Diana didn't have a happy marriage. In fact, the union barely had a chance from the one that Charles suggested for this reason (tip: it wasn't out of love). The couple, who barely knew each other, were up against the pressure of being in the public eye and a 12-year age difference. But most importantly, their marriage was marred by the fact that Charles was still in love with his former flame, Camilla Parker Bowles. According to Diana: Her True Story by Andrew Morton, the young had strong suspicions about her husband's relationship with Camilla from the time they were engaged and Charles bought his former lover a piece of jewelry adapted with an inside joke. But the close princess denied the affair, which led her to question her own sanity. The Queen Mother even told her friends Diana was a stupid girl to imagine such things. Despite this, Diana pressed on with her faith and even confronted Camilla about the affair—here's what happened when she did. But Diana's suspicions about Charles' affair were certainly correct. And in fact, some of the people who deny her claims were the very people trying to hide the illegal relationship from her. According to a new foreword in Morton's book, Charles asked his staff to cover up his affair with Camilla. Charles' bodyguard had to accompany the prince on illegal nighty visits to see Camilla, while his chef and butler were instructed to cook dinner even though they knew Charles would be out with his lover. Charles Butler was instructed to mark up the TV tableaux guide to make it look like the prince had spent the night at home watching TV. When Charles broke his arm in a polo accident, his staff was responsible for listening to police radios to track Diana's journey to the hospital, so they could get Camilla out of Charles' room before the princess arrived. Charles' staff were sick of fraud, according to Morton, and predicted imploded by the marriage. In 1994, the secret came out when Charles admitted to the affair publicly, two years after he and Diana had officially separated. The couple finally divorced in 1996 and Charles married Camilla in 2005. The two are still happily married, but here's why they didn't marry each other in the first place. Millions of people watched the fairytale wedding of Lady Diana Spencer to Charles, Prince of Wales. That marriage later soured only makes the original spectacle more poignant for the many fans of Princess Diana. Enjoy the highlights of that day—and think about how future royal weddings can match up or not to the day of ceremony and ritual and past royal weddings. Designers David and Elizabeth Emanuel Sketch of Princess Diana's 1981 wedding dress designed by Elizabeth Emanuel. Getty Images/Central Press Designers David and Elizabeth Emanuel were selected to produce the wedding dress for Lady Diana Spencer, soon known as Princess Diana. It was made of silk taffeta and contained embroidery, lace, sequins and beads-10,000 beads. The dress had a 25 foot train, large puffy sleeves and lace at the neck. Leaving the ceremony Lady Diana Spencer and Prince Charles leave by carriage after their wedding, July 29, 1981. Getty Images / Serge Lemoine / Hulton Archive Charles and Diana left the wedding ceremony in a carriage. There were about two million people lining the road to try to see the couple, in addition to the billions who watched or listened to the broadcast of the service and festivities. In 2011, when Prince William, the son of Charles and Diana, married, he and his bride rode in the same carriage that William's parents used in their 1981 wedding. Wedding July 29, 1981 The Royal Family on the balcony of Buckingham Palace after the wedding of Prince Charles and Lady Diana Spencer, July 29, 1981. Getty Images/ Terry Fincher After the wedding ceremony, Diana and Charles went to Buckingham Palace for a dinner with 120 guests. Then they showed up with their family members on the balcony to greet the gathered crowd. On the balcony were, among others, Charles's mother Queen Elizabeth II, her mother Queen Mother Elizabeth and Charles's father Prince Philip. The tradition of the royal wedding party that appeared on buckingham palace balcony after the ceremony began with Charles' ancestress, Queen Victoria, and was continued by Charles' parents, Elizabeth and Philip on the balcony, and by Charles' son and his new bride in 2011, William and Catherine on the balcony. The Prince and Princess of Wales Exchange a public kiss The Balcony kiss after the wedding of Prince Charles and Lady Diana, in 1981. Courtesy Library of Congress In an audience-pleaser, Prince Charles kissed his bride, the new Princess of Wales, Diana. After having two children together, Prince William and Prince Henry, and after much public scandal surrounding their obviously unhappy marriage, Charles and Diana formally separated in 1992 and divorced on August 28, 1996. Charles and Diana's wedding kiss on the balcony began a tradition echoed by Charles and Diana's son, William, when he married his bride, Catherine Middleton, in 2011: Balcony Kiss, William and Catherine Formal Portrait Princess Diana formal portrait in her wedding dress, July 29, 1981. Getty Images / Fox Photos / Hulton Archive This formal portrait shows Diana, Princess of Wales, in her somewhat controversial wedding dress, designed by David and Elizabeth Emanuel.
